

# INVITATION

Friday 30 November 12:00-13:30

Brussels, Rue de la Loi 42

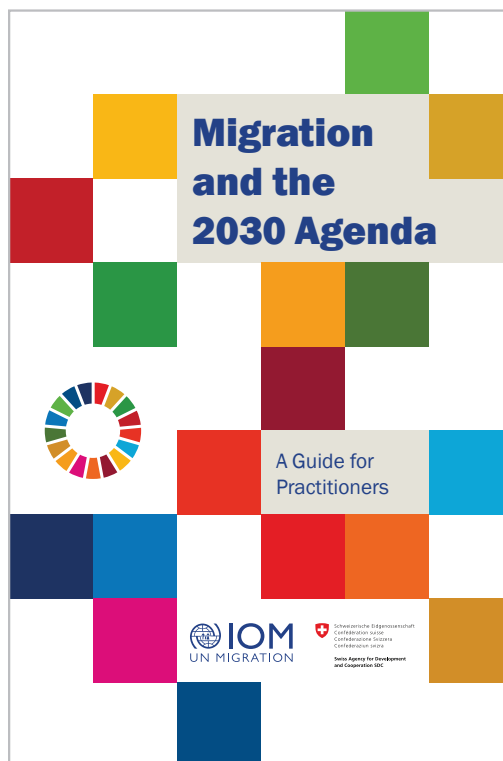

Effective migration governance is a key success factor for the achievement of the SDGs. Many SDG targets can only be achieved if migration and migrants are considered.

IOM has developed this guide to equip states and development actors with relevant guidance and tools to better understand the migration-SDG connections and to take practical action to integrate migration into SDG implementation.

To register for this event or for further information, please contact Begoña Trenor [btrenor@iom.int](mailto:btrenor@iom.int).
