

ABOUT US

The Local2030 Coalition is the **UN System-wide platform and network for supporting and accelerating the localization of the 2030 Agenda** for Sustainable Development.

We bring together the UN-System, local and regional governments and their associations, national governments, businesses, and community-based organizations **to foster collaboration, incubate innovation, share solutions, and implement strategies to support local stakeholders** in achieving the 2030 Agenda everywhere.

We are governed by **two co-chairs, UN-Habitat**, our permanent co-chair and leader of our Secretariat, and **FAO**, together with a **Steering Committee** composed of representatives of different constituencies. We also work closely with several **UN entities, Local2030 Hubs, partner institutions**, and **governments**.

OUR GOALS

Provide spaces for more local participation at regional and global stages related to SDG implementation.

Create opportunities for representatives of UN entities, local government city networks, and other local actors to advance SDG implementation effectively.

Develop strategies to facilitate more access to SDG financing by local actors.

Support the efforts of UN Country Teams and UN Resident Coordinators to work at the local level with local actors, and to promote joint programming and initiative that leverage UN assets.

OUR PRIORITIES

ADVOCACY:

Advocating for concrete engagement and bottom-up and inclusive processes to apply the 2030 Agenda for Sustainable Development as a roadmap to overcome complex and interlocking challenges.

ACTION:

Building and nurturing an SDG localization platform to leverage existing and new initiatives, alliances, and solutions for policy alignment and planning, while offering an enabling environment for obtaining SDG funding.

MONITORING:

Supporting efforts by diverse local actors, including civil society actors on the frontlines, to monitor and report on SDG implementation, including exchange of knowledge and perspectives.

WHY JOIN FORCES WITH THE LOCAL 2030 COALITION?

If you are a **local or sub-national government**, you will access a wealth of innovations, tools, and networks to support your SDG localization efforts and build new partnerships.

If you are a **national government**, you will strengthen multilevel coordination with your local counterparts and accelerate SDG achievement nationwide.

If you are a **community organization**, you will have the right platform to showcase your experience and connect with public and private institutions worldwide.

If you are a **private sector entity**, you will strengthen your positioning on the SDG and find innovative initiatives and opportunities to partner with governmental and non-governmental actors.

If you are a **UN or international institution**, you will benefit from the knowledge and experience of a global network on SDG localization that will make your work more effective and allow you to build new partnerships.
